

# Infinite Campus Initial Logon Instructions for Bellwood-Antis Parents, Guardians, and Students

---

The Bellwood-Antis School District utilizes Infinite Campus as the student information management system. This system allows parent, guardian and student access to grade and attendance data in real time via an information portal and smartphone apps for Android/iPhone devices.

To create your personal account, you need your 32 character Activation Key that was mailed to your household or provided to you during a visit to the district. This activation key is only needed once to create a username and password to access Infinite Campus. Each activation key is user specific and is only to be used by the addressee. Failing to use your activation key can produce unexpected and undesirable results. If you have received an activation key in error, please contact the Bellwood-Antis School District at:
